

# Young Alumni club, YA!

## Conditions for participation

YA, the Young Alumni club from BNO is here for you. All you have to do is apply for our program and send in your work. These are the conditions for participation.

### YA AND DUDE YA SPECIAL!

Designers who graduated between 1 September 2018 and 31 August 2019 from one of the educational institutes in our [Huishoudelijk reglement](#) (see the overview on page 7) can apply for YA by submitting their graduation project, which will then be eligible for selection for the Dude YA Special! This special will be published in October 2018. No correspondence can be made about the final selection.

### YA HELLO!

If you are a designer and you graduated before 1 September 2018, or if you graduated somewhere else, you are still very much welcome at our monthly YA Hello! meetings. If you want to join, send an email with your name and web address (if you have one) to [marsha@bno.nl](mailto:marsha@bno.nl) and you will receive an invitation for these evenings.

### THE USE OF MATERIALS

Submitted text and images can be used for editorial and publicity purposes. The contributor is responsible for providing the correct credits of photographers, copywriters and parties or persons with whom the project has been carried out together.

### THE USE OF PERSONAL DATA

By entering your name and email address, you give BNO permission to include it in our database and to keep you informed of events and other activities of BNO through our digital newsletter, including the YA! program. You can unsubscribe at any time.

By completing a postal address in the Netherlands, you give BNO permission to include this in our database so that we can send you four editions (one year subscription free of cost) of Dude magazine, starting Autumn 2018. Unfortunately shipping to an address abroad is not possible. If you do not want to receive the Dude, do not enter your postal address.

We handle your personal data carefully. In our [Privacy statement and cookie statement](#) you can read how. This statement is in Dutch. Please contact us if you need help translating the information written there.
